

AFTERNOON
TEA

Welcome to the legendary world of Reid's Palace

Tea and porcelain teacups were
being produced in China
as early as 3.500 BC.

In Europe, afternoon tea became
a fashionable social event in the 1840's,
two hundred years after the first tea
was brought from China.

The elegant afternoon tea tradition
at Belmond Reid's Palace dates back
the times when the Union Castle line
assured regular links from England
to Madeira and is something
the Hotel is proud to continue.
