FREQUENTLY ASKED QUESTIONS

Can I change the package?

Absolutely. Whatever your fantasy, we'll do our utmost to make it happen. We have a variety of romantic options to suggest, or feel free to tell us your vision.

How long before the date do we need to book?

We recommend booking as soon as you've made your decision, to give us ample time to plan your perfect day. However, we realise advance notice isn't always possible, so the latest booking we can take for an Elopement Package is 4 days before the wedding date. Legally binding weddings must be booked at least 4 months in advance.

How many people can attend our elopement?

Our Elopement Wedding packages cover you, your partner and up to 20 guests. This number must also include any children and the bridal party. Should you wish to have more guests, package upgrades for up to 60 people are available.

Can I change the date of my elopement after it has been booked?

If you need to move the date, we'll make every effort to transfer your booking. If we have to book new suppliers due to a scheduling conflict, you'll need to pay any extra booking fees incurred.

You'll also be responsible for any cancellation fees associated with the date change.

If I cancel our booking, what happens?

Please refer to the cancellation policy in the contract.
