

A photograph of a safari vehicle, a tan-colored Toyota Land Cruiser, parked on a dirt path in a savanna. The vehicle is open-sided with a canvas roof. A driver wearing a red cap is visible in the front seat, and two passengers, a man and a woman, are seated in the back. In the background, several giraffes are visible, some standing and some partially obscured by green bushes. The sky is bright blue with scattered white clouds.

### TOURS AND ACTIVITIES

#### GAME DRIVES

Early morning and afternoon game drives take you among Africa's largest elephant population. You may also encounter lion, wild dogs, leopard, cheetah, hyenas, enjoy rare sightings of rock-climbing klipspringers and elegant roan and, depending on the season, catch the second largest migration of zebra in Africa.

#### BIRD WATCHING

Savute is a bird-lovers' paradise, particularly in the summer months from December to March. Over 250 species populate the area, ranging from vast flocks of gregarious queleas to giant kori bustards and an array of majestic raptors.

#### BUSHMEN PAINTINGS AND BAOBAB TREES

Out in the bush, where rocks rear up among stony hills, is a collection of paintings that will take your breath away. These works by the San Bushmen are thought to be more than 1,500 years old—beautiful images of elephant, giraffe, sable and eland antelope. After admiring them, continue to the amazing baobab grove, a cathedral-like cluster of 13 giant trees that rival the Bushmen's paintings in age.

### BOMA

Gather round the campfire and exchange your day's adventures, much as villagers do throughout Botswana. Flames flicker and lamps glow as drinks are served; a choir sings traditional songs and invites you to a buffet of African specialities. Settle into your seat as lodge guides recount tales of the bush and musicians strike up traditional songs. The evening often ends with everyone on their feet, dancing to rhythms handed down through generations.

### STAR GAZING

The vast open spaces around Savute make it the perfect place to experience the immense, dark dome of the African night sky.

### AT THE LODGE

When you're not out and about on safari, relax and unwind by the generous pool and take a cooling dip or enjoy a rejuvenating spa treatment at the spa or in the comfort of your room or private deck.

For fabulous wildlife sightings on your doorstep, head to the permanent water hole in front of the lodge. Watch elephants gathering to drink and at night discover how the nocturnal sounds of Savute—roars, rumbles, chirps—are magically amplified.
