02 SIGNATURE INDULGENCES

RITUAL MEXICANO

FOOT RITUAL, CLEANSING, MASSAGE 120 MINUTES

Rituals, for the ancient Mexicans, meant a connection with nature and the universe. Laja Spa brings this new ritual to embark on a holistic journey to feel purified, protected, and harmonized:

FOOT BATH

Foot immersion is used to remove the fever that occurs in diseases such as flu. The bath with salt water is also useful to eliminate swelling of the feet and relieve fatigue, among other purposes.

CLEANSING WITH COPAL

Its smoke is an offering to the deities, and to alleviate different physical and spiritual problems. Known as the white god, copal has been used to purify, protect, and bless. The properties of copal give protection and harmony, it takes away any bad vibration and/or transforms it into a positive vibration.

MASSAGE

Massages were practiced in pre-Hispanic Mexico to relieve hip pain, rib pain and other physical ailments. It is also closely related to spiritual adjustment.

THE CALDEADO

A therapeutic procedure of ancient Mexico, it consists of applying hot remedies to the body. Many Mexicans use this practice with medicinal plants. Caldear is used to soothe aches and pains and to reduce muscle inflammation.

ROMANTIC RELAXATION

MASSAGE, FACIAL 80 MINUTES

Surprise your special someone with this unique couples treatment. The power of rose quartz helps to align the body's energies. The mineral properties of the stone are said to create a receptive, sedative and relaxing effect on the body-perfect for letting go of life's tensions. Soak in the vibrations of the rose quartz and find peace and tranquility with your sweetheart at Laja Spa.
