WILD
MALAYSIA

Our '*Wild Malaysia*' cocktail menu is featuring signature cocktails which are in their essence a reflection of our beautiful 'Wild Malaysian' train journey. Trees and plants lined up are passing by when you're on the train. The same holds for the menu, every page is another *Wild Malaysian tree telling it's own unique 'Wild Malaysian'* cocktail story.

Exploring the impressive landscapes and reconnect with the Malay nature. Local botanicals play a big part in the menu. Using their expressive flavors, medical powers and beautiful appearance. Taking inspiration from the nature, but also the Malaysian cuisine, and, culture, from all the aspects that we discover on this trip. Drinks that spark the curiosity and take you on a wild adventure.

The nature in our menu not only stand for the '*Wild Malaysian*' side, but also stand symbol for the sustainable nature of the menu. We try to work as sustainable as possible by using organic products, working with local suppliers and using all parts of the plants.

PALM TREE

Nothing says Malaysia like the *Coconut Palm*. A versatile plant that gives us everything from the water, the milk to the oil and the meat. Malaysians revere it as a sacred symbol of fertility, and prosperity.

We created this refreshing tropical cocktail with carbonated coconut water and mango-infused *Diplomatico Planas Rum* to quench your thirst during these hot Malaysian days.

INGREDIENTS

Sparkling coconut water, Diplomatico Planas Rum infused with mango, Fresh palm leaf, pandan leaf, Daun Kesum leaf + kaffir lime leaf

FLAVOUR PROFILE

Light + sparkling with green herbal notes

WILD NENAS

The wild cousin of the *Nenas*, meet the *Ananas Cosmosas*, a jungle pineapple that's smaller, but spicier than its domesticated cousin. Locals use it to cure coughs and kidney stones, but we use it to make a funky shrub that will cure your thirst.

Using the fruit and the skin of the Nenas with a ginger vinegar, and top it off with a sparkling Pet-Nat. The result is a funky + fizzy drink full of flavour.

INGREDIENTS

Pineapple-Ginger Shrub, Bourbon,
Dom Benedictine, Pet-Nat infused with pineapple

FLAVOUR PROFILE

Funky + Fruity

MANGOSTEEN TREE

Sweet & Strong, just like a *tiger*.

The Mangosteen, a purple fruit from the Malaysian rainforests, is beloved by the endangered Malay tiger, a formidable predator with a sweet tooth. Beware of claw marks on every tree, his signature territorial imprint. As tribute to this wild tale, we've crafted a blend of mangosteens, bananas, and a splash of rum.

INGREDIENTS

Mezcal, Mangosteen + Blackened banana liqueur,
Fresh lemon juice, Champagne, Pinch of salt

FLAVOUR PROFILE

Fruity, Roasted + Sour

BAOBAB TREE

The baobab tree is a gift from *Captain Speedy*, an English explorer who planted it on Penang island in 1871. It's not just a tree, the locals believe the tree keeps Penang from sinking where Penang would be a vessel floating with the tree as its stopper. Don't ever pull it out, or you'll be sorry. The fruit of the tree, that we also used in this drink, is called *monkey bread*, sweet like tamarind and super nutritious. We mixed this fruit with other oriental fruits and herbs from the local Peranakan cuisine.

INGREDIENTS

Dehydrated Baobab fruit, Spices of the Orient
Opilhr Gin, Pomelo skin liqueur, Campari,
Campano Dry Vermouth, Lemongrass mist

FLAVOUR PROFILE

Oriental + Elegant + Slightly Bitter

HONEY TREE

A giant tree hosting giant bees for the *Greatest Honey*. Growing up to *80 meters high* with a trunk up to 3 meters wide, it's also home to the Asian Giant Honey Bee, the biggest bees in the world. The honey from these bees is highly prized by the locals. Some brave people climb the tree with bamboo ladders and use smoke to collect it.

For their own danger, as the stings are very painful.

Inspired on this wild story we serve you a smokey honey drink ourselves. Dangerous, but highly prized just like the honey of this tree.

INGREDIENTS

Balinese Nusa Cana spiced Rum,
Smoked Honey Syrup, Black Lemon Bitters

FLAVOUR PROFILE

Smokey + Bold

ROYAL NIGHTCAP

THE LEGENDARY EASTERN & ORIENTAL EXPRESS

Kuala Kangsar is the royal town of *Perak*. A magical place with sultans, palaces and a lot of Malay history. To let you experience a little bit of this royalness, we serve you a Royal Nightcap. A flamed cocktail with deep warm flavours of caramelised tropical fruits.

INGREDIENTS

Cognac, Dry Curacao, Peach Bitters, Caramelised Pineapple, Dried Pineapple Flower, Red Ixora Flowers

FLAVOUR PROFILE

Hot! and Fruity
