

BELMOND
HOTEL CIPRIANI
VENICE

Fun in Venice for Families

Belmond Hotel Cipriani welcomes its little guests to experience this wonderful hotel and the city with its hidden secrets. While walking around, look at the **lions** on the buildings, jump on a gondola to cross the canals, search for your favorite toy in little shops or learn how to paint a typical **Venetian mask**. Try all the extraordinary things you can discover only in a city like Venice! And then, when back at the hotel, play in the gardens or at our **Smile Club** or swim in our dedicated **pool**.

ACTIVITIES IN OUR SMILE CLUB

From May to mid-September, a professional English-speaking tutor, provides a supervised playroom where children between the ages of 4 and 12 can come and enjoy some time together. They can participate in exciting activities, such as necklace and bag making, painting and crafts, balloon games, traditional Venetian mask painting, lunch in the gardens or a pastry lesson with our chef.

IN OUR CHILDREN'S POOL

Our pool is in the gardens next to the Smile Club and children are welcome to use it when the Club is supervised.
