

Fun in Madeira for Families

Belmond Reid's Palace welcomes its little guests to experience lots of fun moments in the verdant hotel grounds. Have fun swimming in our pools and exploring the amazing sub-tropical gardens, or depart for an exciting adventure with mum and dad to spot whales and dolphins playing in the wide ocean. Try all the extraordinary things Madeira has to offer!

ACTIVITIES TO ENJOY WITH OUR TEAM

Kids between the ages of 3 to 9 are invited to have fun with our English and German-speaking supervisors for a wonderful day full of exciting activities. Provided parent supervision, younger children are welcome too. From Monday to Friday, our supervisor will be waiting for our little guests at 10:30 near the Pool Desk to reveal the activities for that day.

Here you can find a quick sneak peek of our open-air activities:

MADEIRAN DOUGH DOLLS WORKSHOP

In this fun workshop, follow the traditional method of using flour, water, yeast, egg, colouring and salt to handcraft festive dough dolls. After 20 minutes in the oven, they're ready to come out and play!

BOLO DO CACO BREAD WORKSHOP

This flat, circular bread is a heavenly mix of flour and sweet potato. Urge your little ones to come along and master making it, and you might be lucky enough to be served a true taste of Madeira back home!

BANANA HARVESTING

Madeira is home to some of the finest bananas in the world. Fortunately, our pink palace has its own plantation, where children can learn how to pick – and sample – the tastiest fruits.

NIKITA MOCKTAIL WORKSHOP

The Nikita is an irresistible blend of Brisa, a local passion fruit juice, and vanilla ice cream. Now even our youngest guests get to kick off their shoes after a hard afternoon by the pool and mix themselves a mocktail.

GARDENING

Every so often, many of our beautiful plants and flowers are taken to our greenhouse for some extra loving care from the gardeners. Once a week, our smallest guests are invited to join in – and the glasshouse becomes just that little bit more colourful.

SCAVENGER HUNT

Join the hunt to find a selection of intriguing objects, along the way discovering the mystery and magic of our lush gardens and getting to know some of our timeless flowers and trees.
