# MALLORCA -GRAM

**W**ith your private guide and driver journey to the pretty hamlets of Fornalutx and Biniaraix. Boasting winding streets with green painted shutters, they make for a perfect stroll and many picture opportunities. It's no surprise that these villages are known as two of the most beautiful places in Mallorca. Afterwards head to Sollér, where a 108-year-old vintage tram provides the perfect picture opportunity. From the baroque beauty of the Sant Bartomeu church to the botanical gardens, you'll be spoilt for choice. Once in the port you can take in the Repic beach, a family's favourite, as well

as watching fishermen's boats bobbing gently by the harbour. Throughout this peaceful yet enriching morning, rest assured that your guide will not forget your culinary needs and recommend favourite spots in the different locations you are visiting. Hop on a charming boat for a transfer crossing Mediterranean waters to reach Cala Deià where the hotel's shuttle will pick you up.

*Available during the Summer months.

# DONKEY TRAIL

**T**ake a stroll through the hotel's centuries old olive groves with our lovable resident donkeys. They will carry water and any bags you may have in their panniers as they accompany you through the Poets' Walk and up the hillside, reaching the pine-scented forests above La Residencia. One of our most popular activities, the donkey trail pays tribute to the days when Deià was a remote outpost and transport on the dirt tracks of the Sierra was mostly by hoof. During your climb you will be able to pause several times to take in the views and admire local flora and fauna. The trail stops at our ancient stone shepherd's hut, where

a delicious spread of local specialities is laid out on a linen-covered table. Indulge in cheeses, ham, olives, pa amb oli (bread with tomato, olive oil and garlic), the famous Balearic cured sausage, sobrassada, the traditional ensaimada dessert and perhaps a shot or two of the island's herb liqueur, hierbas. The views of the Mediterranean Sea from this lofty site are spectacular, so make sure to take your camera.

The pathway salutes poetry from 650 BC onwards, leading you on a journey through different styles. In addition to Graves, who settled in Deià with his great love Laura Riding, it features male writers like Chilean poet Pablo Neruda, who won the Nobel Prize for Literature in 1971, and Federico García Lorca, one of the most

important Spanish poets and dramatists of the 20th century. Among the five women honoured are 19th-century Galician poet Rosalía de Castro, and Gloria Fuertes, the Madrid-based poet and children's author who fought for equality, peace and the environment until her death in 1998. Books by the venerated bards can be borrowed from the hotel, so find your favourite bench and lose yourself in their words.
