DONKEY TRAIL

Take a stroll through the hotel's centuries old olive groves with our lovable resident donkeys. They will carry water and any bags you may have in their panniers as they accompany you through the Poets' Walk and up the hillside, reaching the pine- scented forests above La Residencia. One of our most popular activities, the donkey trail pays tribute to the days when Deià was a remote outpost and transport on the dirt tracks of the Sierra was mostly by hoof. During your climb you will be able to pause several times to take in the views and admire local flora and fauna. The trail

stops at our ancient stone shepherd's hut, where a delicious spread of local specialities is laid out on a linen-covered table. Indulge in cheeses, ham, olives, pa amb oli (bread with tomato, olive oil and garlic), the famous Balearic cured sausage, sobrassada, the traditional ensaimada dessert and perhaps a shot or two of the island's herb liqueur, hierbas. The views of the Mediterranean Sea from this lofty site are spectacular, so make sure to take your camera.

Taking place in their beautiful atelier in the heart of Palma, this workshop will present you with the nuances of the aromatic palette through an exploration of Viti Vinci's finest natural scents. After pausing for some local delicacies and seasonal refreshments, let your own inspiration take flight as you craft a fragrance that is uniquely yours. Prepare to leave with not just a bespoke perfume, but a profound understanding of the artistry

of scent and be surprised by the emotions, memories and feelings it evokes.
