*Dear Guest,*

We invite you to join us on an exceptional journey through one of the most seductively beautiful regions in the world. Sardinia's Costa Smeralda promises an idyllic world of secret coves, rugged cliffs and blooming bougainvillea, all reflected in the pristine, emerald-green waters that give the region its name.

Encapsulating the coast's glamorous decadence is Romazzino, A Belmond Hotel, and Sardinia's original beach retreat. An icon of sixties retro-allure, its story began in the 1960s when the Aga Khan found himself enthralled by the northern coast of Sardinia. He enlisted celebrated architect Michele Busiri Vici to design the hotel, a sanctuary of white, organically curved buildings that blended seamlessly into the landscape while framing views of the turquoise waters beyond.

Widely considered one of Busiri Vici's masterpieces, Romazzino is, to this day, a haven as welcoming to families enjoying their villeggiatura as to the international jet set mooring their superyachts at nearby Porto Cervo.

Beyond Romazzino's own fragrant gardens and private white-sand beach, Sardinia offers a wealth of treasures and attractions. Watersports lovers are spoilt for choice in the warm Mediterranean Sea, enjoying sailing adventures to hidden beaches and nearby Corsica, as well as snorkelling and paddleboarding in the crystalline waters. Cyclists and trekkers can discover spectacular coves, majestic forests and spellbinding views, while inland there are ancient nuraghe ruins, bohemian hamlets and family-run vineyards to explore.

Our array of customised tours and itineraries opens up this captivating island to you. Let us help organise an adventure brimming with wonder and joy that leaves you with unforgettable memories.
