DISCOVER HERBS WITH A BOTANIST

Stride off on a half-day walking tour through Mount Portofino Natural Park, accompanied by an expert botanist guide. Learn about the uses and properties of wild herbs for cooking, health and beauty. Wind along nature-rich trails until you reach the silence, scents and colours of the Park's pristine oasis. CINQUE TERRE

In this little corner of Liguria, generations have carved out the landscape from the steep terraces that plunge into the sea. Over 7,000km of drystone walling, cleverly constructed without cement, frames vineyards that reach down almost to the lapping waves. The astonishing area is both a protected national park and a UNESCO World Heritage Site.

The Famous Five

Departing from Portofino, the first village you come to is Monterosso al Mare, which boasts an expansive beach and promenade. Vernazza is a natural port, protected from the sea by a rocky promontory, and the only safe landing point in the Cinque Terre. Corniglia, nestling on a hill surrounded by vineyards, is a delightful cluster of multicoloured houses. Equally picturesque are the unspoilt villages of Manarola and Riomaggiore, clinging to the rock face.

Fabulous footpaths

Without doubt, the best way to appreciate the Cinque Terre is on foot. Along paths that until recently were the only means of communication you discover bewitching landscapes, suspended between sky and sea. Terraced vineyards alternate with strips of olive trees and, where man has abandoned the soil, the Mediterranean scrub has taken over, a fragrant profusion of euphorbia, broom, pink cistus and agaves. Some routes may be temporarily unavailable for scheduled maintenance, please make sure to check with the concierge before hitting the road.

Walking times between villages:

Monterosso - Vernazza 2 hours

Vernazza - Corniglia 1 hour 30 minutes

A 5 Euro ticket is needed to access the routes. Sturdy footwear is recommended as paths can be steep/uneven. Please check with the Concierge which paths are currently open.

WALKING IN THE REGIONAL PARK OF PORTOFINO

Venture on a wonderful walk to the secluded bay of San Fruttuoso, a place of unparalleled beauty that can be reached only on foot or by boat. From Splendido Mare's entrance, passing through Via Roma, you will arrive in Via del Fondaco. From there climb up and follow the directions to San Sebastiano where you will find a charming church called "La Cappelletta". During this walk you will reach some of the most beautiful and unspoilt viewpoints in the area, such as Cala degli Inglesi. After reaching Base 0, you'll

start descending towards San Fruttuoso where a succulent picnic awaits either on the beach or on our wooden boat. Jump aboard and let us pamper you on the way back to the hotel.

The walk lasts 2 hours and the path stretches for 4.2 km. Even inexperienced walkers can enjoy this experience. Sturdy footwear is recommended as paths can be steep or uneven. Please ask the Concierge if you're interested in either more challenging or easier routes.

MERCHANTS AND POETS OF GENOA

In 1576, the Senate of the Republic of Genoa created an official list of palaces where visiting royalty, diplomats and aristocrats could stay. The so-called Palazzi dei Rolli of the city's Golden Age were renowned for their sumptuous interiors and elaborate ornamentation. This model of hospitality was unique to Genoa and made the city famous throughout Europe for its grand architecture and refined lifestyles.

To honour the noble tradition, our guests are invited to two extraordinary private palaces, where they will be welcomed by the owners. Discover the mercantile roots and magnificent art of "La Superba", as the city is nicknamed, before enjoying a palatial private lunch.

VISIT TO THE LIGHTHOUSE

The protected Parco Regionale di Portofino occupies most of the headland jutting between the Ligurian resorts of Camogli and Rapallo. Part forested ridge, part Mediterranean scrub, it is traffic-free, making it an inviting place to walk. Take an easy, short stroll from the harbour up a series of steps to the Church of San Giorgio, dramatically situated on the promontory's narrow neck. Savour the wonderful views before continuing to Castello

Brown, an imposing building once inhabited by the British Consul, Montague Yeats Brown. The enchanting dwelling boasts beautiful terraced gardens, including twin pines that Brown planted to celebrate his marriage. Continue along the headland to the lighthouse and perhaps enjoy a replenishing break with local products at the bar operated by a sustainable local farm. Soak up views of the turquoise sea before retracing your steps.
